- d. To issue temporary entrance permits to persons who are importing goods and who arrive at the border with no permit. This permit is valid for only two days and costs 300 Kcs. It may be issued only after telephone approval of the Ministry of Interior, Department of Passports, Director Dr. Broz.
4. A Czech citizen entering Czechoslovakia requires only a valid passport and no entry permit. A red stamp is used to indicate entry on all passports including those of foreigners and a green stamp for departure. This stamp is entered at random. It is also used on personal declarations on the upper right-hand corner of the front page. Children under 16 years of age are not required to file out personal declarations but they are included in the applications of their escorts. Diplomatic personnel are also exempted.
5. An entry permit is valid from one week to two months, according to the need of the individual. Undesirable visitors are granted one-time entry permits, good for several days. Transit permits are issued in the same manner as entry permits and are valid for a period of up to two months for one visit, but travellers must cross the border within two days. Most permits for diplomats are valid for six months.
6. Since March 1950 the Rozvadov passport detachment has had direct telephone lines with the STB Country Headquarters at Pilsen via the STB Central Office at Stribro. All motor vehicle traffic through Rozvadov is reported on this line. A state telephone line is also in use; it is a branch line of the customs office.
7. The detachment has two motorcycles at its disposal: a Jawa 250 cc, and a CZ 125 cc.
